Police asked to investigate missing funds

Norfolk Public Schools Superintendent Richard Bentley has asked the Norfolk Police Department to investigate an incident of missing money from a school fundraiser.

The fundraiser was held at Suburban Park Elementary School in April. In July, the NPS administration received information about the missing money, along with an allegation that the school's former principal was involved.

Dr. Bentley placed Principal Bernette Brock on administrative leave with pay while an internal audit was conducted. The audit found approximately \$2,500 missing from the fundraiser.

Ms. Brock resigned from Norfolk Public Schools effective July 18. She was principal at Suburban Park until July 1, and had been assigned as principal at Jacox Elementary for 2011-12.
